

## First Grade Suggested Reading List

At this age kiddos are reading at so many different levels. My suggestion is to have your child read for at least 15-20 minutes daily. Take them to the library and allow them to choose books at their reading level that interest them and get them excited to read!! I will list some super fun books for emerging readers below. This is totally optional and just a suggestion :)

- \*Piggie and Elephant books by Mo Willems
- \*Amelia Bedelia books
- \*The Berenstain Bears books
- \*Llama Llama books
- \*Henry and Mudge books
- \*Pete the Cat books
- \*Curious George books
- \*Magic School bus books

These are just some that my First Graders enjoyed at the start of the school year. If these are below your child's reading level I suggest letting them choose something that challenges them, but does not frustrate them :)
